

Art KS3 Standardisation and Moderation

What does this event cover?	Annotated exemplification of an agreed end-of-Year 7 standard for each subject. Meet subject specialists from other schools, share resources, ideas, confirm understanding, raise questions.
Who is this event for?	Heads of subjects and KS3 subject leads attend subject specific sessions. Building on learners' strengths achieved in primary school, secondary subject specialists discuss how exemplification of 'age-expectations' will aid their assessment of both progress and attainment in KS3. Through discussions around the evidence produced from common tasks, or assessment rubrics, teachers gain confidence in their judgements about progress and attainment. These discussions link to pedagogy, the new KS4 curriculum and outcomes. Resources support moderation of judgements within departments and across schools.
Sessions	1
Date & Time	Wednesday 16th October 2019, 14:00 - 16:00
