

Fire Warden Training

<p>What does this event cover?</p>	<p>Essential Training for Every Workplace</p> <p>This course covers many aspects of a building evacuation including; Means of Escape, The Responsible Person, Fire Warden Responsibilities, Fire Telephones, Health and Safety Legislation and use of portable fire extinguishers.</p> <p>The training officer will talk in detail about the premises with the trainees while conducting a walk around the building identifying escape routes, fire fighting equipment, suitable muster points and fire brigade access/liaison to deliver the best course relevant to your place of work.</p> <p>Practical Fire Extinguisher Training</p> <p>Including as part of the training course is a practical session where attendees will have hands-on experience with different types and sizes of fire extinguishers, their functionality and how they handle. This will then be utilised to extinguish a controlled demonstration fire using a specially designed 'Fire Rig'.</p>
<p>Who is this event for?</p>	<p>Safe I.S. qualified instructors are affiliated to the institute of Fire Engineers and provide a comprehensive Fire Safety Training course at your own premises, allowing companies to comply with current legislation and Fire Risk Assessments, This enables employees to meet their statutory insurance obligations and to protect staff and property under current Health and Safety Regulations (The 2005 Fire Regulatory Reform Act).</p>
